Carlton Lear
Tim Lindemann
Shane A. Lindemann
Coby Hannis

Doug Lindemann
Perry Luig
Steve Berend
Bob Lindemann
Kelly Mahler

Public hearing opened at 9:00 a.m.

Randall C. Jackson discussed the purpose of the public hearing. Wade Scarbrough reported the changes he would like to make to Three Way Road.

Doug Lindemann discussed that the energy grant that would be used to make the upgrades to Three Way Road comes from the oilfield truck traffic that use the road. Lindemann stated that the cars and pickups that use the road drive faster than the trucks. Diverting truck traffic to 1954 & 79 intersection would cause or compound safety issues.

Shane Lindemann asked if the grant had the same restrictions as the 2017-2018 grant. That grant could only be used on certain roads, used for oil production and transport.

James Mitchell reported that all the years that he had been leasing property on Three Way Road, a truck had never run through his fences but that he has had several cars run through his fence, and pass him pulling a trailer.

Carlton Lear discussed the current condition of Three Way Road. Lear reported that there was a large pothole on the north end that has been there for a very long time that causes drivers to drive in the ditch to miss it.

Tim Lindemann and Bob Lindemann agreed that the truck traffic did not need to be eliminated from Three Way Road. New homeowners purchase the property knowing it is a gravel county road.

Public hearing closed at 9:27 a.m.
