

County of Archer COVID-19 UPDATE

July 28, 2020

Currently, Archer County has had a total of fourteen (14) confirmed positive cases from county residents, with three (3) active cases. The criteria for the mandatory face covering is for active cases only, so unless Archer County has 20 active cases, we will remain exempt from the GA-29 Order.

The three Archer County schools are finalizing their plans and safety protocols for reopening on or about August 17th. Please refer to your school's website in the coming weeks to learn more about your options and the changes that will be implemented to protect your children and the school's staff.

The individual cities of Archer County are using Coronavirus Relief Funds CRF to help purchase sanitizing equipment and supplies for schools, churches, and retail businesses. Thanks to the mayors and city councils who have approved this financial assistance for their communities.

Please call my office if you have any questions.
